To Whom It May Concern:

I am writing on behalf of Dorchester County in South Carolina regarding their proposal submitted for the BUILD Grant Program. Their proposal titled US 78 Widening Phase 3A, seeks to address safety concerns and congestion levels along the corridor by increasing vehicular capacity and implementing multimodal facilities to improve overall corridor efficiency. These crucial improvements will significantly enhance safety for both motorized and non-motorized users throughout the corridor and improve traffic flow on an important evacuation route.

In accordance with all governing rules and regulations, I am requesting your prompt review of their proposal.

Please do not hesitate to contact Ryan Syrbe in my office by calling 864-233-5366 or by emailing grantrequests@scott.senate.gov, if you have questions or need additional information. Thank you in advance for any assistance you can provide to Dorchester County.

Sincerely,

Tim Scott
United States Senator
